

MELBOURNE HIGH SCHOOL

SCOPE

This policy applies to the administration of medication to all students. It does not apply to

The provision of medication for anaphylaxis which is provided in our school's Anaphylaxis Policy

The provision of medication for asthma which is provided in our school's Asthma Policy

Specialist medical services provided by the school's Health Care Unit

nurses are permitted to administer schedule 2 medications. These types of medication are available from supermarkets and pharmacies.

Self-administration

In some cases it may be appropriate for students to self-administer their medication. The Principal or School Nurse may consult with parents/carers and consider advice from the student's medical/health practitioner to determine whether to allow a student to self-administer their medication.

allow a student to take their first dose of a new medication at school in case of an allergic reaction. This should be done under the supervision of the student's parents, carers or health practitioner
allow use of medication by anyone other than the prescribed student except in a life threatening
